Max Width:1.5m

Extra Mesh:10x10 Meshx0.9mm,10x10Meshx1.2mm

12x12 Meshx0.7mm,10x10Meshx0.8mm

12x12 Meshx0.58mm,

## Galvanized Steel Security Screen

In order to reduce the product cost, As to customer's required,We did many times research and test, Successful use galvanized iron wire instead of stainless steel wire, It keeps all feature of stainless steel security screen.Meet Australia standard.

Such As Equal wire Diameter, Equal and Flat surface. Black Powder

### Different With Stainless steel

1. More cheaper than stainless steel
2. Rigid than stainless steel
3. Short abrasion than stainless steel
