**E-6000 Adhesive** has been manufactured and sold as a high-performance industrial adhesive for over 25 years, E-6000 became a hit in the craft market with its superior performance, flexibility, and versatility.

- **Washer/Dryer Safe:** E-6000 is washer/dryer safe preserving crafting projects on clothes and fabrics
- **Dries Clear:** E-6000 dries clear making it perfect for craft projects
- **Paintable:** Paint fully-cured E-6000 to match any craft project
- **Photograph safe:** Use for decorating memory albums. E-6000 won't harm photographs

## Materials

E-6000 is formulated to meet high performance requirements and permanently adheres to most all substrates and materials including:

Cement	Hardwood	Wood
Metals	Tile	Aluminum
Rubber	Fabric	Copper
Marble	Leather	Neoprene
Vinyl	Most Plastics	Polycarbonate
Ceramic	Brick	Fiberglass
Glass	Linoleum	Waterproof Cloth
ABS, PVC	Brass	And Many More!

*\*Always test a small area before full use on any project to ensure proper application technique and dry time. May be weakened by contact with certain highly plasticized materials.*

## Use E-6000 for:
