

Introduction of Shenzhen Netoptouch Technology Co.Ltd

Established in 2003, Netoptouch is a professional manufacturer of kiosks, self-service kiosks, touch screen kiosks, payment kiosks, parking lot kiosks, self-order kiosks, and touch panel monitors. With over 100 skilled workers and a 5000m2 factory in Shenzhen and Dongguan, we produce more than 20,000 sets of touch screen kiosks and 600,000 pieces of touch panels annually.

Over the years, we've provided tens of thousands of kiosks to clients domestically and in over 60 countries and regions worldwide, such as Japan, South Korea, Thailand, Malaysia, Singapore, Indonesia, Viet Nam, the Philippines, Myanmar, Cambodia, Mongolia, Kazakhstan, Pakistan, Kosovo, India, Australia, New Zealand, Sri Lanka, Maldives, USA, Mexico, Canada, Dominica, Ecuador, Nicaragua, Brazil, Samoa, Finland, Sweden, Lithuania, Swiss, German, French, Britain, Romania, Spain, Poland, Austria, Slovakia, Croatia, Italy, Cyprus, Russia, Saudi Arabia, Qatar, Oman, The United Arab Emirates, Iraq, Afghanistan, Lebanon, Azerbaijan, Uganda, Namibia, Benin, South Africa, Ethiopia, Democratic Republic of Congo, Liberia.

As a touch screen kiosk supplier for events such as the 2008 Olympic Games, 2010 Shanghai Expo, 2011 Shenzhen Universiade, and the 2015/2016/2017/2018 two sessions of the Chinese government and provinces, our kiosks are known for their attractive appearance, stable performance, and easy maintenance. We've also obtained CE, FCC, and RoHS certifications to serve international markets. For most of our kiosks, our minimum order quantity is one piece. We genuinely aspire to foster a long-term and mutually beneficial business partnership with your company. We eagerly anticipate the opportunity to collaborate with you. Thank you for your time.

Equipments:

Process to Build Kiosks:

1. Drawing Design

2. Prepare cabinet material by CNC punch

3. Prepare cabinet by numerically-controlled bender

4. Assemble finished parts

5. Oil-removing and rust removal for finished parts

6. Painting antirust paint

7. Polish and ash scrap for finished parts

8. Paint priming paint

9. Paint high temperature lacquer

10. Rust removal for finished parts again

11. Last Paint polishing or shining paint

12. Kiosk cabinet finished

13. Finished kiosk with kiosk cabinet and other parts

14. Finished kiosk with kiosk cabinet and other parts
