

## Universal Absorbent Pads

### Features:

Universal Sorbents is an economical, general purpose sorbent to clean up oils, coolants, solvents, and water-based fluids. These sorbents absorb up to 16 times their weight and are put to use against spills in assembly lines, printing, equipment or any general manufacturing area.

1. Thermally bonded construction won't rip, tear or fray, even when saturated.
2. Dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup.
3. 100% polypropylene with highly absorbent, fine-fiber construction.
4. Dark gray color hides grime, so Mat stays on the job longer
5. Light-weight construction is economical for small tasks and cleanups
6. Perforated Mat is easy to tear to size so you only use what you need
7. Pads are ideal for catching drips and soaking up spills
8. Can be wrung out and incinerated after use to reduce waste or for fuels blending

### Applications

1. Machine Shop
2. Refineries

3. Transportation maintenance
4. Steel manufacturing
5. Paper mills

## Specifications

Item No.	Size	Thickness	Qty/ B	Absorbency	Weight	Loading Qty	
						20"GP	40"GP

## Universal Absorbent Rolls

### Features:

Universal in nature so it absorbs basically all fluids (water, petroleum and chemical-based) and can be wrung out and incinerated after use to reduce waste or for fuels blending

1. Durable, abrasion-resistant upper layer.
2. 100% polypropylene construction, it won't rip, tear or fray, even when saturated
3. Highly absorbent, fine-fiber construction won't leave behind liquids or fiber residue
4. Absorbs and retains oils, coolants, solvents and water
5. Dark gray color hides grime, so mat stays on the job longer

6. Light-weight construction is economical for small tasks and cleanups
7. Perforation is easy to tear to size so you only use what you need
8. Foldable rolls with extra perforate for multi functions.

## Applications

1. Walkways and high traffic areas
2. In production and machine areas
3. Under assembly lines, equipment or vehicles
4. On workbenches or as a work surface
5. Just about anywhere you have a leak, drip or spill!
