Model	WY-5000
Machine Payload	5000 KG
Dimensions	5900x 2000x 2200 mm
Bucket Dimensions	3000x 2000x 600 mm
Wheelbase	3000 mm
Tread	2000 mm
Axle	Front1061/Rear 1061
Engine Model	Yunnei diesel engine 4100QB-2 90HP/3200r/min
Fuel Tank Capacity	70 Litres
Battery Type	LT120*2
Performance & Operating Range	
Speed	60km/h
Mini Turning Radius	4.5m
Gradability	35°
Gear Box	8 Forward +2 Reverse with High/Low Gear
Transfer Case	330
Brake Type	Air Brake
Hand Brake	Pneumatic controlled valve
Front /Rear Tyre	9.5 x 16 Double Tyre
Hydraulic Pump Type	Gear Pump
Max. Discharge	8 Mpa
Clutch	14" Mechanical Actuated By Air Booster

## Configuration list of the whole machine

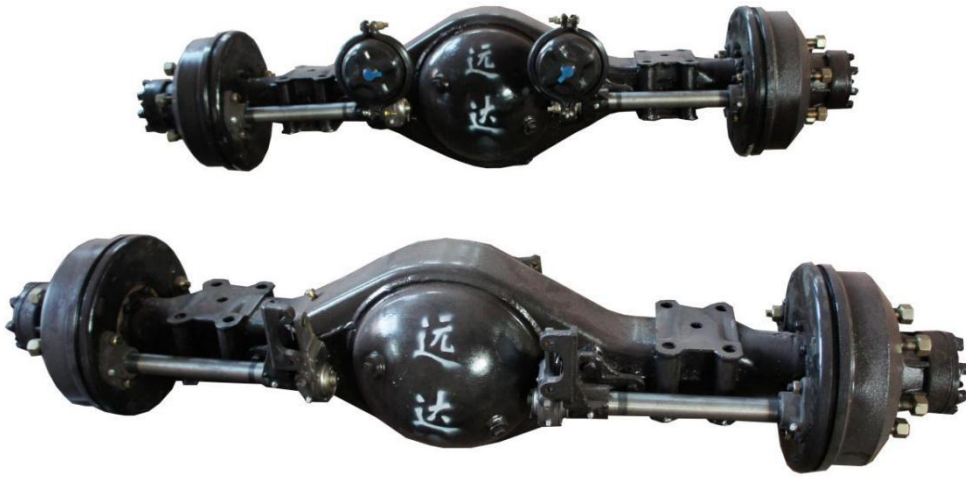

Yunnei 4100QB 4 cylinder water-cooled diesel engine with 90 HP.

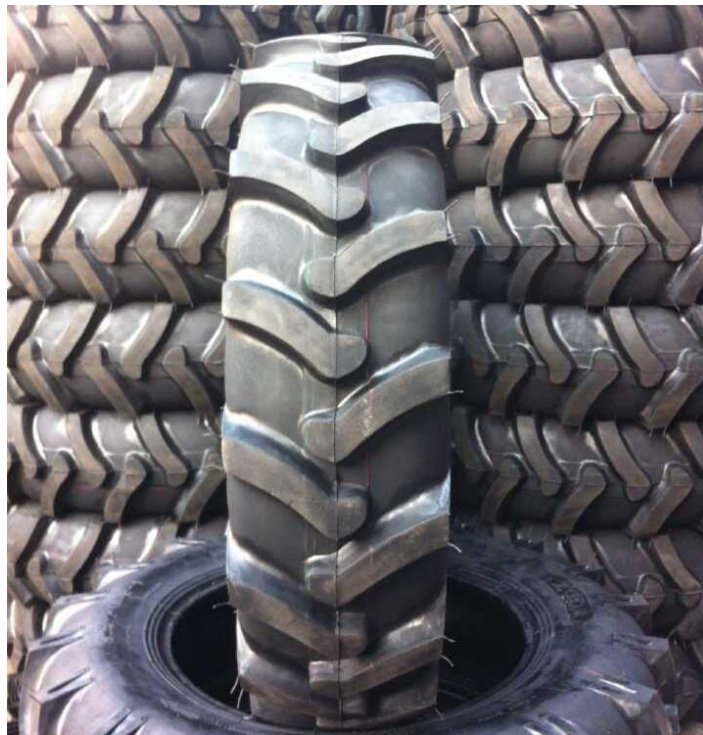

Configuration the High and Low Speed Gearbox + articulated steer  
System

Configuration of Heavy Vehicle Bridges

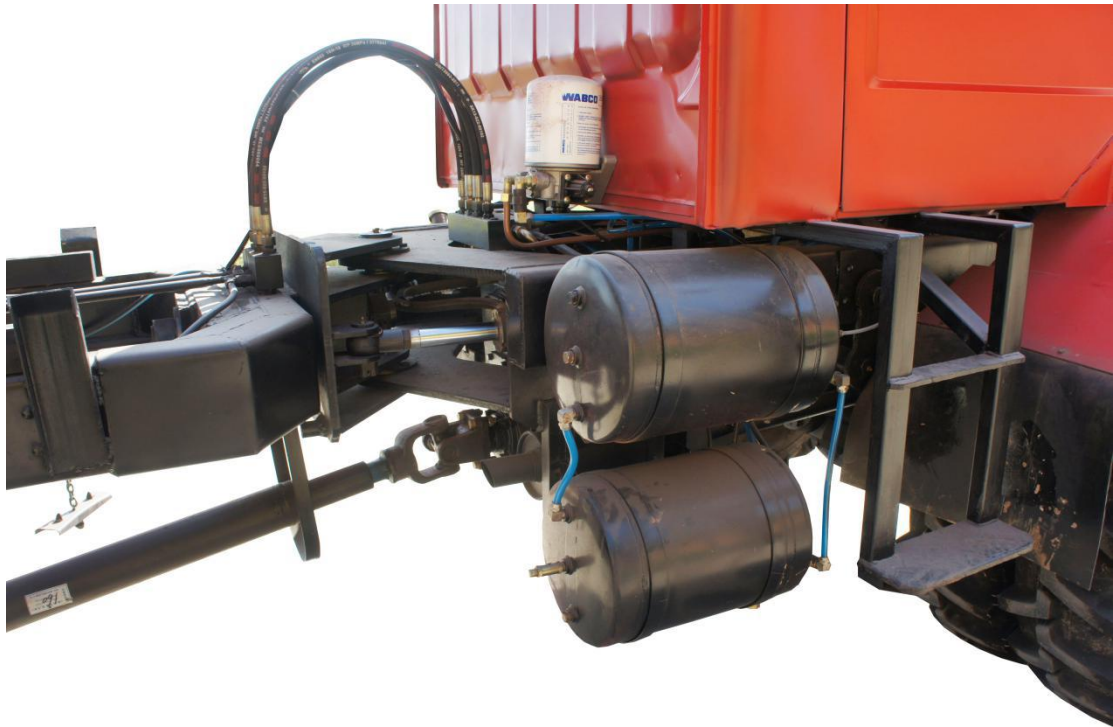

Configuration the Top Engineering Tire Kunlun Herringbone Tire

Fully enclosed cab can be equipped with air conditioning

Dual hydraulic cylinder dump

Brake system with gas storage tank

The front and rear axles are equipped with air-breaking brakes

Customized Car Bucket According to Customer Requirements

whole machine are waiting loading container
