

# Anhui Fengxin Industrial Co., Ltd

## Company Introduction

Anhui Fengxin Industrial Co., Ltd ,as a professional manufacturer of the accessories of fire-fighting trucks like roller shutters,drawers, ladders,LED Level Indicators and so on other parts, was located in NO.205 National highway between Nanjing and Yangzhou city.

FX has a great team that own leading and professional technique, standard management and perfect service. We have built long-term and steady business relationship with hundreds of customers all over the world

We strongly believe we can provide customers with best products and honest service,untill now on we had exported our products to Russia,Brazil,America,Vietnam,India and so on other countries!

Choose FX,Choose the Best !

铝合金卷帘门

Aluminum roller shutter

产品介绍

Product introduction:

Made by the high-quality anodized aluminum alloy, with good looking in appearance, no chromatic, good shine, no scratches, locking and rotating mechanism is convenient, quick, open and close freely. Anti loaded tensile strength, waterproofing, especially used in fire-fighting trucks.

environmentally vehicle, tanker trucks, boating and some other vehicles, its good quality approved by the inspection department of national fire center equipments

## The Steps Of Install The Roller Shutter

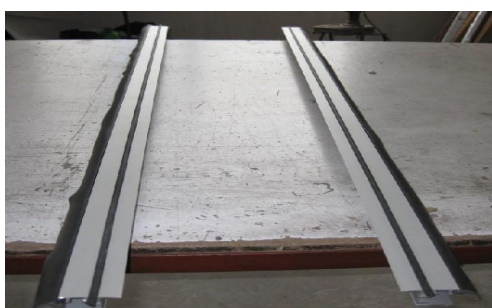

A:InstallationPlate

B:Roller

C:Gate Slot

D:Impact Block

E:Aluminum Roller Shutter

1):准备好安装的配件和材料  
Prepare The Component For  
Installation

A:安装板 Installation Plate

B:滚筒 Roller

C:门槽 Gate Slot

D:冲级块 Impact Block

E:卷帘门

Aluminum Roller Shutter

2):按照安装板上的三个孔的  
位置打孔，用铆钉固定在加  
强板上

2)Fix The Installation Plate  
On The Reinfore Plate.

3)把滚筒放在安装板上的“U”型槽里，装上销轴，且确认滚筒有钢钉的一端在左端，滚筒袋子方向朝外

3)Put The Roller into “U”type slot of installation plate , mount with the shaft and confirm the Roller with steel nails on the left side

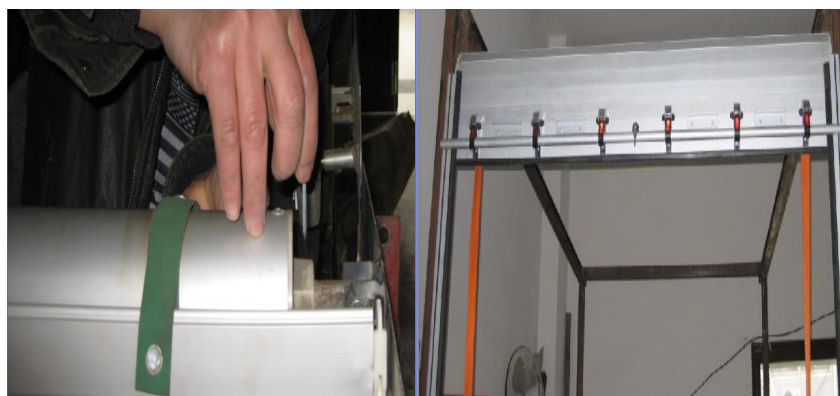

4)卷帘门安装时，见有两只孔德一端与滚筒带子连接，滚筒带要放在叶片下面，用螺杆套拧紧。

4)When instal Aluminum Roller Shutter, connect the two holes in the end with Roller Tape , Roller Tape should be placed below blade , and use screw tightened

5)滚筒带与卷帘门叶片连接好后，拔掉钢钉，卷帘门可自动上卷。

5)After connecting Roller Tape to the blade, pull up steel nails, Roller Shutter can be automatically rolled up

6)安装门槽：把卷帘门放入门槽内，门槽紧贴门框，并用螺杆拧紧固定。

6)Instal Gate Slot : Put Roller Shutter into the Gate Slot,make gate slot next to the doorframe and tighten it

7)安装结束后，拉下卷帘门，装上反光冲击块拦住拉杆。

7)After installation pull down Roller Shutter and mount reflective Impact Block block rods.

呼吸器支架

Breath Equipment

产品介绍

选用优质氧化铝合金，优质皮革及橡胶制成，美观实用，安装于驾驶室后排，既可供消防员依靠，又可

Product Introduction :

Selection of high-quality aluminum-alloy,high-quality leather and rubber,beautiful and practical,installed in the back of the cab,both for firefighters to rely on,and can be placed on a respirator cylinder,etc

消防车云梯架

The ladders pallet

产品介绍

Product Introduction :

The product is made by high-quality aluminum-alloy,flip freely,easy to use

消防水带支架

Fire water band separator

产品介绍

美观大方，耐用轻便，适用于存放消防水带

Product Introduction

Beautiful,durable and lightweight,used for putting fire water band

**Company:Anhui Fengxin Industrial Co.,Ltd**

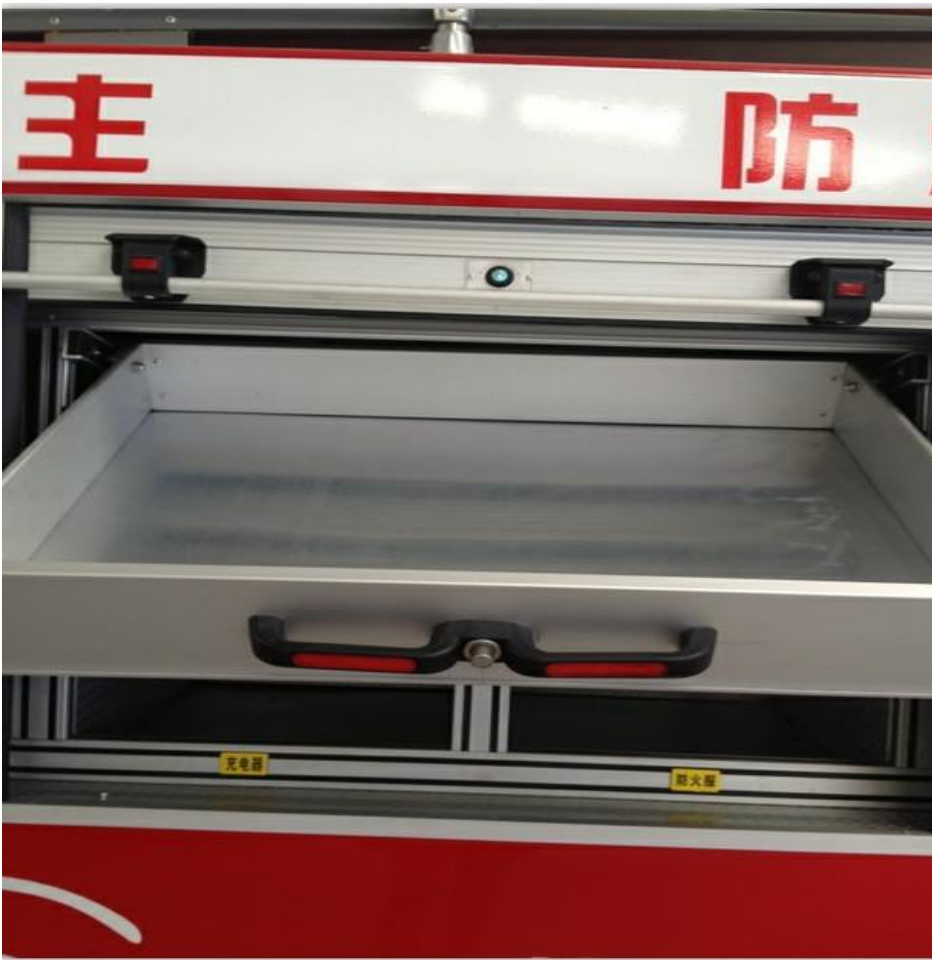

**Add: Room 205,Renhe Road,Tianchang City,Anhui Province,China PC: 239300**

**Tel/Fax:86-550-7701080 Mobile No: 8613955095525 Email:sunnywu0608@163.com**

车用抽屉

The Aluminum drawer

产品介绍

选用优质铝合金，配以美观的锁定机构，启闭方便快捷，用于存放消防服，面具及各类消防配件物件，其外观新颖美观

Product Introduction

The selection of high-quality aluminum-alloy material,with beautiful lock mechanism,open and close for storage of fire service,mask and all kinds of fire supporting objects,with beautiful appearance

## 立式托盘器材架

### Vertical Pallet

The product is novel and beautiful,easy for push and locking,flexible, convenient to use.It is suitable for placing various small fire-fighting equipment,hanging the fire axe,fire shovel,steel wire cutting etc.

平式托盘器材架

Horizontal Pallet

Product Introduction

The product is novel and beautiful,easy for push and locking,fiexible, convenient to use.It is suitable for the free pump,air filling device,supporting up device,pulse gun,hydraulic rescue equipment

铝合金拉梯

Aluminum extension ladder

产品介绍

该产品采用优质铝合金制成，手拉自如

Product introduction:

Selection of high-quality aluminum alloy,picking and placing freely

车用后背梯

Back Ladder

Product introduction:

Selection of high-quality aluminum alloy, folding and flexible, easy to use, strong and durable, safe and reliable, can be used in various different kind fire-fighting trucks

Aluminum Profiles

Size:30mm\*30mm

铝合金型材

Aluminum Profiles

广泛应用于各种抢险救援车和消防车上

Product Introduction:

Widely used in emergency rescue trucks and various types of fire-fighting trucks

Aluminum Profiles

Size:60mm\*60mm
