

Deutz 226B Series Diesel Engine for Generator

Make: Weifang Weichai-Deutz Diesel Engine Company Limited
 Rated Output: 30-132 KW
 Rated Speed: 1500/1800 rpm
 Type: In Line, four stroke, water cooled, direct injection
 Cylinder Numbers: 3,4,6 cylinders
 Bore / Stroke: 105 / 120 mm
 Governing Method: Mechanical Governing
 Start Method: Electrical starting
 Cooling Method: Radiator water cooling
 Lubricating Method: Forced Lubricating

Warranty: 12 months after delivery date or 1000 running hours, which ever is earlier, for failures due to quality of material or workmanship. This warranty will not cover for failures due to operator's fault or incorrect fuel or lubricant.

Specification

MODEL	Rated Output kw	Max Output kw	Speed rpm	Intake Method	Fuel Consumption g/kw.h	Displacement L	Governing Method
D226B-3D	30	33	1500	Natural aspirated	≤208	3.12	Land use, mechanical governor
TD226B-3D	45	49.5	1500	Turbocharged	≤208	3.12	Mechanical Governor
TD226B-4D	60	66	1500	Turbocharged	≤208	4.16	Mechanical Governor
TD226B-6D	90	99	1500	Turbocharged	≤205	6.23	Mechanical Governor
TBD226B-6D	120	132	1500	Turbocharged Intercooled	≤205	6.23	Mechanical Governor
TBD226B-6D5	132	145.2	1500	Turbocharged Intercooled	≤205	6.23	Electrical Governor
