<td>650nm Laser Therapy Watch (3-IN-1)</td>
<td>Wrist irradiation: 1. Our device adopt 650nm laser irradite the acupoint. 2. It will penetrate our vessel wall. 3. We can absorb the laser energy to produce the lipoprotein lipase, the lipase will decompose the fat garbage in the blood so that improve the microcirculation. 4. Improve the red blood cell carrying oxygen capacity so as to purify the blood or hyperviscosity improve the islet function, make the insulin secretion to normal level. 5. It can lower the hyperlipidemia, hyperglycemia, hypertension. Finally treat the diabetes.</td>

<td>Knee Joint reliever</td>
<td>Nasal cavity irradiation: 1. Our nasal cavity have large number of the capillary 2. It's more easy to stimulate the nasal nerve improve the skull blood circulation and whole microcirculation 3. Transport more oxygen and nutrition to our brain. 4. Finally prevent the cerebral thrombosis stroke, sudden death, cardiovascular and cerebrovascular. Pain part irradiation: 1. The body pain relief probe adopt 650nm to non-invasive irradiate our pain point. 2. To penetrate the meridian, absorb the inflammatory edema, dredge the meridian and channel, Producing more biological cyzeme to cure kinds of disease. Such as the cervical spondylosis, lumbar disc of herniation, frozen shoulder, arthritis, prostatitis, sport injury, wound, joint pain, fracture etc.</td>

### GY-L2 Laser Therapy Watch (3-IN-1)
- **650nm Laser Therapy Watch (3-IN-1)**
- Laser medium: GaAlAs Semiconductor
- Laser wavelength: 650nm
- Terminal laser output: 22 laser beams and 2 nasal cavity laser beams
- 2 ear cavity laser beams
- laser output power: 2.5mW
- laser operate voltage: 3.0V
- input voltage: 100-220V
- power source: lithium battery with capacity 1600m Ah
- Lithium battery voltage: DC3.7-4.2V
- Time range: 10-60 min can be adjusted

### Knee Joint reliever
- **Size**: L193*W168*H144mm
- **NW of product**: 750g
- **Input Voltage**: AC100~240V 50/60Hz
- **Rated Voltage**: DC20V
- **Rated Power**: 12.5W
- **Heating temperature**: LOW:45±3℃, Medium: 50±3℃, High: 55±3℃
- **Auto time**: 15minutes
- **Laser wavelength**: 808nm
- **Laser diode**: 3pcs
- **LED light**: 16pcs

---

- Recovery mode: laser + infrared light + kneading + hot compress
- Repair mode: laser + kneading + hot compress
- Relaxation mode: infrared light + kneading + hot compress

- large CD display
- humanized design, 90 degree exterior shape

| GY-C010 | Colon Hydrotherapy Instrument | - Immediate and complete cleansing of harmful impacted feces and intestinal toxins has been proved to be a cure for constipation, hemorrhoids and flatulence. It can effectively prevent digestive system diseases such as colon inflammation and rectum cancer.  
- Excreting impacted feces and toxins can significantly reduce blood toxin level, lower liver and kidney burden. This improves liver and kidney detoxification functions and prevent liver and kidney diseases.  
- Electrically Purify Blood: It can lower blood pressure, blood fat, blood acid and blood viscosity and improve micro-circulations. It is also an effective treatment for lassitude, insomnia, dizziness, headache, memory loss, body malodor, oral malodor and can prevent heart disease.  
- Build Up Immunity: It greatly improves functions of all body organs, build up healthy body system. It enhances immunity, prevent bacteria and virus invasion, prevent diseases and cancers.  
- Rejuvenate Skin and Lose Weight: By excretion of impacted feces and toxins, all body organs are fully recovered. It helps reduce belly fat and rebuild body shape to keep fit. It also improves the skin brightness and elasticity, removes acne and speckles.  
- Prevent Gynecological Diseases: The instrument comes with an unique ozone generator which can sterilize and reduce inflammations in women's private part. It is a effective and convenient treatment for gynecological diseases. |
| GY-G08  | High Potential Therapy Device | 1. Relieve climate symptoms such as fever agitated  
2. Relieve pain of neck, shoulder, back, joints and other body parts  
3. Reduce constipation unsustainable  
4. Improve sleep  
5. Help quit cigarettes and alcohol  
6. Help diet, weight management |
| GY-KWD008 | Pulse Electrotherapy Device | 1. Improving sleep quality.  
2. Eliminating physical fatigue caused by long work  
3. Cleaning relaxing muscles and joints meridian  
4. Enhance human immunity Pain relief |
| GB-68A  | Acupuncture Pen | 1. Diagnosis therapy, as your best home doctor, locating weak acupoints on palm or all over the body with different detector heads  
2. Electrical acupuncture therapy, treatment on the acupoints and relieve pain and muscle stiffness.  
3. Far infrared heating therapy, which effectively promote blood circulation and relieve chronic pain  
4. Low frequency therapy, simulation treatment modes: hammering, acupuncture, naprapathy cupping, scraping, massage, etc. |
You can observe microcirculation pipe loop patterns, the number of pipe loop, blood flow, bleeding, etc., help determine the sub-health status and blood stasis and brain cardiovascular related diseases.

Skin analyzer equipment is a kind of intelligent skin image capture, data analysis and report generator system, which integrate the high definition skin image capturing hardware, and the professional software to find out potential problems of skin in epidermis layer, dermis layer and UV layer.

It is possible to find out the skin problems quickly and precisely, and record the analysis report in software by generating a skin status trend figure, together with a treatment prescription by pre-input data, including cosmetics and beauty care applications to apply. This equipment can be widely used in home, beauty salons and clinics, or cosmetic department store.

a. Skin moisture test (severe water shortage, lower moisture content, dermis lack of water, epidermis lack of water, sufficient moisture )  
b. Skin grease test (less secretion, normal secretion, secretion more, excessive secretion, grease pustule )  
c. Skin texture test (clear and regular, slightly irregular, slightly coarse, moderate irregular, severe irregular )  
d. Skin color test (gloomy skin color, dark red skin color, slightly dark, skin rosy, pale skin color )  
ea. Skin wrinkle test (no wrinkles, wrinkle appear, small wrinkles, irregular wrinkles, deep wrinkles )  
f. Skin pigmentation test (the pigment calm, slight spotted, epidermis spotted, dermis spotted, severe spotted )  
g. Skin inflammation test (normal skin, sensitive skin, more red blood silk, severe red blood silk, red blood silk spotted )  
i. Skin pore test (normal pores, slightly oxidized, blocking pores, blackheads, badly clogged )

  - **Size:** 132*79.5*47mm
  - **Input power:** 100-240V/1.5A
  - **Output power:** 12V/3A
  - **Rated Frequency Range:** 50/60Hz
  - **IPL Wavelength:** Hair removal spectrum > 510nm
  - **Compact size with high resolution LCD display**
  - **Instant skin color sensor**
  - **Long lamp life:** 350,000 flashes
  - **Large spot size:** 3.5 cm²
  - **5 Light energy intensity modes**

**Comfortable, safe and permanent hair removal result.**

### Neck Massager Pillow

**Size:** 22*15*13 cm

- **Net weight:** 750g
- **Power adapter:** AC 100-240V / 50/60Hz DC 6V
- **Electrical source:** DC6V (AA x 4) / Power adapter

**A display zone:** Respectively display three functions: Air pressure, Heating, Vibration, by combing the above 3 functions, there are 7 output modes, namely: Air Pressure+Heating+Vibration, Air pressure+Heating, Heating+Vibration, Air pressure+Vibration, Air pressure, Heating, Vibration. The default mode for the starting mode is: Air Pressure+Heating+Vibration.

**B Displaying of the Intensity:** there are 5 levels of intensity for function Air Pressure, Heating and Vibration, marked by the intensity level for the starting state is:

**C Time display area, time setting is divided into 3 time periods, respectively 10, 20 and 30 minutes.**

**4 different therapy types:**
- **Rhythmic air pressure massager, acupressure stimulation, high frequency vibration and infrared soothing heat therapy**
- **Compact to relieve headaches, strain injuries, poor circulation, and migraine, Promotes deep relaxation and melts tension away**

### Slimming Belt

- **1 Heating effect:** Keep proper body temperature
- **2 Maturing effect:** Promote the growth of body cells
- **3 Purifying effect:** Supply the nutrition equally inside the body
- **4 Dry humidity**
