

DD-250 豆角切头尾机

Green Bean Top and Tail Cutting Machine

产品参数

Product Specification

产量 Capacity	250-500kg/h
功率 Power	1kw

有效的将青豆角头尾切去，大大节省人工，有效提高工作效率。本台采用台湾进口的优质三角钢制刀，塑料弧形刀具，风力耐磨，使用寿命长，而且控制开关的操作很方便，滚筒采用的是304不锈钢外壳，进口工程塑料塑造而成的，透明度高，耐磨性好。

Effectively cut the head and tail of green beans, greatly saving labor and effectively improving work efficiency. This table adopts the high-quality triangle steel knife and plastic arc knife imported from Taiwan. The wind force is wear-resistant, the service life is long, and the operation of the control switch is very convenient. The roller is made of 304 stainless steel shell, which is molded by imported engineering plastics, with high transparency and good wear resistance.
