

ECOGLUE™ PREMIUM WOOD ADHESIVE is a high performance

environmentally safe (non-toxic, less than 1% VOC, no solvents) industrial adhesive that has an incredibly strong bond to wood. Its patented advanced PVA formula is water-based and made with no animal derivatives. As a result, the physical and mechanical adhesive strength, flex strength, heat resistance, sandability, toughness and water resistance are much higher than most other white and wood glues.

PREMIUM WOOD ADHESIVE

Interior - Exterior / Type 2 Water Resistance / Clear / Stainable / Paintable / Sandable / Water Clean-Up

Stronger Than Most Other White and Wood Glues!

This product may help a LEED® project earn a point in the Indoor Environmental Quality category for the LEED certification process.

Product Benefits

- Passes ANSI / HPVA Type 2 water resistance
- Heat resistance requirements of ASTM D 5751-95 & WATT 91
- Prop 65 compliant
- FDA approved for indirect food contact
- Unaffected by finishes
- Contains no free phenol, urea formaldehyde resins or isocyanate
- No expanding/foaming during curing
- Resists solvents, heat and mildew
- Fast setting speed in room temperature, cold press, hot press or radio frequency (RF) applications
- Can be spread with a roller or brush
