Suzhou Eagle

EAGLE

Suzhou Eagle Electric Vehicle Manufacturing

Founded in 1998, Suzhou Eagle Electric Vehicle Manufacturing Co., Ltd. is a leading manufacturer specializing in designing and manufacturing 4-wheel electric vehicles. Our company has a workshop area of 30,000 square meters and 300 workers. Our current daily production capacity is 80 units per day, this can be adjusted with the order volume increasing.

Our company has gotten the unique production license for electric vehicle by the Supervision Bureau of Quality and Technology of China. In 2003, we were approved by ISO9001. In 2006, we were approved by VMI quality system to get our own VIN.

With effective management and specialized talents, our company is dedicated to offering top quality products with competitive price and first class after-sales service.

All specifications contained in this catalogue are for reference only, we reserve the right to change the specifications without notice.
